

Welcome to new Committee members Barbara Weber and Heather Folts.

Kurt Powell is assisting our committee in many critical ways. He is working with Larry Plum to set our budget and track expenses. He shall provide monthly financial statements to committee members. The Committee shall distinguish Operating from Reserve expenditures.

Kurt is assisting the Committee with some aspects of Contracts with service providers. He is able to help acquire contracts, assist with oversight of work, and help with compensation to contractors. The Committee selects contractors, performs most oversight, and determines when work is completed satisfactorily.

Gaia Landscaping, Inc. has corrective work to complete at the native vegetation site.

Kurt is working with Doreene to create binders for landscape committee members. Binders will hold documents, maps, charts, contact numbers, etc. to facilitate work of the committee. Kurt will maintain a MASTER binder and will supply updated copies of contents to committee members as needed. He will keep a current list of Landscape Committee members to whom binders have been distributed.

New ZONE Observation assignments are ready to be posted. Committee members have been furnished with a set of considerations to keep in mind while carrying out observations.

Landscape Committee will continue to meet on first Mondays each month but meeting time is changed from 10:00 a.m. to 2:00 p.m.

Keith Rasmussen's resignation from the committee has been reluctantly accepted. Co-Chairs, with Board approval, are to be Richard Miller and Doreene Carpenter.

Report is submitted by Doreene Carpenter.
