Compliance Statement of Understanding and Responsibilities

This approval is for design and compliance with the rules, regulations and guidelines of the Stoneybrook Village Association. It is not an approval of the structural integrity or compliance to any governing codes of agencies. It is the owner's responsibility to assure structural soundness, non-interference with property drainage, and compliance with all governing codes and agencies. The owner shall obtain all required approvals and permits prior to the start of construction.

In addition to all costs incurred by the Owner in completing this project, the Owner shall be responsible for any costs incurred by the Association as a result of the work performed on this project, including but not limited to additional expense incurred to obtain and/or record legal documents, conduct required inspections, and to perform maintenance required by the rules of the Association or any governmental agency.

The Owner shall be responsible for all damage to property, injury to persons, and loss, expense, and inconvenience that may be caused by, or result from, the work performed on this project, and from any act, omission, or neglect of the Owner and its contractors and agents.

The Owner shall indemnify, defend (with counsel approved by Association), and hold harmless the Association and its officers, directors, agents, and members from and against all liabilities, damages, losses, claims, expenses (including reasonable attorney fees), demands and actions of any nature whatsoever which arise out of, result from, or are related to (a) any damage, injury, loss, expense, or inconvenience resulting from work done on this project, (b) any accident or occurrence which happens or is alleged to have happened at the project site, (c) any lien filed upon the project or bond claim in connection with the work (whether the lien is filed against the Owner or the Association).
