

**LANDSCAPE COMMITTEE ANNUAL REPORT TO BOARD****November 30, 2017**

This year the Landscape Committee continued its efforts to improve landscape services on behalf of Owners. We provide assistance to Management by overseeing implementation of our Contract with NLS. Our Contract defines "Single Family" and "Common" properties. It requires specific standards for Mowing, Edging, Dethatching, Weeding Turf, Weeding Shrub Beds, Fertilizing Turf and Shrub Beds, Damage Repair, Leaf Removal, Pruning, Irrigation Services and Moss Control.

Owners who wish to report any concern with respect to landscape service should submit a Comment Form, available at the mail slot in the Club House.

We worked with Management to refine Contract language and to let bids for next year's Contract which takes effect January 1. NLS has been selected, after careful review of two other bidders.

The Landscape Committee has replaced a number of failed plants along Country Club Drive. Native species were selected.

Foundation plants in the Native Vegetation Plot took hold well. We have planted several dozen low-growing native varieties at the West end of the plot. Gradually the entire section will fill in.

The Committee's Charter is updated.

This Committee meets at 2:00 p.m. in the Club House Meeting Room on (usually) first Mondays.

Current members of Landscape Committee are Dick Miller, Carole Gutbrod, Mary Duringer, Larry Plum and Heather Folts.

Respectfully submitted,

Doreene Carpenter, Chair
