

Landscape Committee Report to SVOA Board for September 2015

The committee convened on September 1, 22 and 28 for the specific purpose of revising the SVOA Landscape Specifications. On September 29th our final effort was forwarded by email to Steve Napack, SVOA Board President, and Kurt Powell, SVOA Community Manager, for review.

On October 1st Kurt Powell, Garry Jolliff and Richard Miller met with Michael Bernards, NLS District Manager and Molly Hendryx, NLS Area Supervisor, to discuss, among other things, some aspects of the Landscape Specifications. At that meeting it was agreed that NLS should review the document and provide comments.

Richard Miller,

Landscape Committee Chairman
