

Stoneybrook Village Preparedness Committee

Board Meeting: October 12, 2016

- I. **Last Preparedness Meeting:** October 3
Next Preparedness Meeting: November 7, 7 PM in Stoneybrook Lodge

- II. **Next Workshop:** October 13

Topics: * General Preparedness
* Water in a disaster
* How to shut off water and gas
(repeat of Sept. 2014 presentation for review and new residents)
Flyers have been handed out door-door and posted in strategic locations.
NW Natural has sent us training materials and Polk County CERT has loaned us a gas/water meter to train with.

- III. **Volunteer Opportunities-** Contact Steve Napack if interested
Oct. 20: OSU and Good Samaritan Hospital need volunteers to act as victims in a disaster training exercise to be held at Reser Stadium.

- IV. **Stoneybrook Village Smoke Alarms**
The Committee provided WCM with 150 folded fliers from the State Fire Marshall to be mailed to residents along with the letter from the Board & Preparedness Committee explaining the need to replace fire alarms and install carbon monoxide detectors.

- V. **SVOA Preparedness Plan**
The SVOA Preparedness Plan is nearly ready for presentation to the Board for approval. The remaining concern is that the plan requires a larger Preparedness Committee and more volunteers for various sub-teams. Preparedness Committee members will be discussion this with neighbors and see if we can drum up more support.
