

Tree Committee Report
July 11, 2017

Tree pruning project along 45th Street

Following are the addresses where pruning may be needed, followed by information provided by residences for each address.

5033 SW Hollyhock: Mike Brouwer and Mardel Wolf
request two limbs extending into their property be
removed. The limbs are flagged

5037 SW Hollyhock: Mike and Gayle Clady
request two limbs extending into their property be
removed. The limbs are flagged

5031 SW Hollyhock: Jonathon and Susan Hayes
request one limb extending into their yard be removed. It
is flagged

4505 SW Hollyhock: Gary and Mary Bernard
No response from occupant. Tree Committee
will follow up

4521 SW Hollyhock: Melvin and Estelle Greenblatt
No response from occupant. Tree Committee
will follow up

4539 SW Hollyhock: David and Candy Charlton
I have had to cut off some limbs myself in the past
because they were rubbing against my roof. So I am very
pleased that the trees are scheduled for further trimming.

We authorize as much tree trimming as needed. The more
trimming, the better. The two large oak trees adjacent to

our property are a terrible species, because the dried leaves do not fall off in the autumn. Instead, they remain on the trees during the winter and continue to fall to the ground throughout the winter and into the spring. Please cut the limbs generously.

4563 SW Hollyhock: Joanna Wilson

No response from occupant. Tree Committee will follow up

4591 SW Hollyhock: Dianne Farrell

No response from occupant. Tree Committee will follow up

4607 SW Hollyhock: Steven and Dorothy Sowell

Authorizes pruning of limbs that overhang their fence. Tree committee will clarify resident's intentions.

The Committee will complete contact with residents as indicated and then obtain a bid for the pruning work.
