

Landscape Service Single Family Owner Opt-Out Options

Single Family Home Owners have an option to be exempt from (a) shrubs and beds service, (b) pesticide, herbicide, and insecticide use, (c) bark application to shrub beds, or (d) irrigation service by the landscape services contractor for Stoneybrook Village Owners Association. Owners must maintain landscaping in their yard to Stoneybrook standards.

Shrub and bed services: Owners may only change their preferences twice per year: applications received between October 1 and March 30 will take effect April 1 and applications received between April 1 and September 30 will take effect October 1. For owners that opt-out of shrubs and beds service, the contractor will place a colored stake in a discrete location on the Owner's property. If a colored stake is on your property at the corner of your garage, you are currently opted out of shrub and bed maintenance.
