Irrigation Backflows Check and Shut Down

Our landscape contractor, NLS, will be checking and shutting down the backflow valves for the winter on Thursday and Friday, October 27 and 28. This is for your information only; there is nothing for us as owners to do.

Lawn and Parkway

Within the next few weeks our landscape contractor, NLS, will be thatching/aerating, and overseeding the lawns. This should make for improved lawns in the spring.

Preparedness Tip

This information is provided by our Preparedness Committee:

“Do you know where your SVOA “HELP YOUR NEIGHBOR” card is (that is the green card that lists two neighbors to the left and right of you, along with their emergency information)? Do you need to update it because you have new neighbors or are a new resident? If you cannot locate this card or need help completing it, please call Linda at **541-752-4534**. These cards are optional and not a requirement but we feel there is security in knowing someone near you will watch out for you.”

Pond Area

The Pond Committee has been working with Gaia Landscapes, for updating and improvement of the area around the pond. Some of the over-grown Mugho Pines will be removed and new shrubs planted, new rock and bark mulch installed around the pump house, and some new trees planted. With all this work, and completion of the new irrigation system in the common area around the entrance, it should be beautiful by spring.

Thanksgiving Dinner – A Highlight of the Year!

Remember, and mark your calendar, Wednesday November 9, at 5:30 P.M. is our annual Thanksgiving Dinner sponsored by the Activities Committee. Watch for more information in the “Happenings”.

Meeting Date Change - Board of Director's Meeting.

The November Board of Directors Meeting will be held at 2:00 PM, Thursday, November 10.
